

CONCEPTS ACTIVITY PACK

Freebie

How to use

Use this packet to have an interactive activity whilst working on various concepts! This packet can be used as single-use worksheets or simply laminate them to turn them into reusable task cards. Students are encouraged to have their listening ears on and follow the instructions given.

Is this getting too easy? Step it up by giving them various colour pencils and specify what colour you would like them to use in each instruction (e.g. Colour the dinosaur on the ball green).
